Robe USA Strengthens Technical Support Team

Czech Republic-based lighting manufacturer Robe Lighting has strengthened its technical service department in the United States with the addition of industry professional Ambrose Gumbs, who has joined the company as Technical Service Department Manager.

With increased sales and product recognition, Robe's goal is to provide clients with first-rate technical support as the company continues to expand.

Gumbs was most recently with Martin Professional for nearly 14 years, where he started out as bench technician and soon specialized in lighting console and PCB repairs. As a member of the technical support and training team, Gumbs has extensive industry experience and is excited to be joining the Robe family.

"This is an awesome opportunity for me to be part of something great that is happening within this Industry," Gumbs said. "I'm very happy to be here at Robe working with an amazing group of people." Bob Schacherl is delighted with the highly skilled technical team. "Our customers can depend on us for the best technical support, and by boosting our team with Ambrose's expertise, all are in good hands."

Ambrose can be reached at Robe USA in Cooper City, Florida, by phone at 954-680-1901, and by email at ambrose.gumbs@robelighting.com.
